2009 - 2010 **ROUND 2** MODELS

# CLASSICS REBORN

These are our styrene dreams: beloved kits we remember from our childhood, the ones we put together as best we could (but still smeared the glue), painted with our finest brush (boy, was that paint glossy — even when you didn't want it to be!) and proudly displayed on our bedroom dresser. From showroom replicas to wild dragsters to majestic spaceships, scary monsters and everything in between — these are the plastic fantasies of our childhood.

Now, thanks to Round 2, those styrene dreams are back, and they're better than ever. Our kits are more than just mere re-issues: we've "upped the ante" with enhanced "Retro Deluxe" re-releases, special box art, collector's tins, startlingly detailed decals and improved instructions. Whether you want to rebuild that favorite kit from childhood (and get it perfect, this time) or add a rare kit (finally made affordable) to your collection, there's bound to be something in these pages that speaks to you.

For more details, announcements, articles, and to buy kits, check out our website at [round2models.com](http://round2models.com). For behind the scenes info, sneak peeks and a chance to share your thoughts, visit our blog at [collectormodel.com](http://collectormodel.com). We look forward to hearing from you.

Happy modeling!
